

MATERIAL SAFETY DATA SHEET

Material: AQUAMAC 100

Code: L.AQUA100 Date of Issue: May 2001 Version: 1

Preparation and Company Identification

Preparation trade name: AQUAMAC 100 self adhesive damp proof membrane

Company name, address and normal telephone number:-

LAYBOND PRODUCTS LTD Tel: (UK) 01 244 674774
Riverside, Saltney, (ABROAD) +44 1244 674774
Chester CH4 8RS, England

Emergency telephone number: as above

2. Composition/Information on Ingredients

CAS Number: Chemical Name: %: Classification:

This product is a laminated Bitumen & rubber Compound.

3. Hazard Identification: -

This product is not especially hazardous to health but should be handled in accordance with good industrial hygiene and safety practices.

EYES-Practically non-irritating

SKIN-The product is practically non-toxic based on information available on the components.

INGESTION Practically non-toxic based on the information available on the components.

4. First Aid Measures:-

Inhalation: Normal use of product does not present a hazard
Skin Contact Treat cuts with antiseptic plasters, remove using a proprietary cleaner and use of soap and water.
Eye Contact: Remove by irrigating with copious amounts of water
Ingestion: Seek medical advice if any discomfort persists.

5. Fire-Fighting Measures:-

Suitable Extinguishing Media: Water spray, foam, carbon dioxide or dry powder.

Unsuitable Extinguishing Media:

Special Exposure Hazards in Fires: Combustion will produce dense smoke and toxic gases

Required Special Protective

Equipment for fire fighters: Wear self-contained breathing apparatus, full protective clothing

6. Accidental Release Measures:

Precautions: Collect up and place in a suitable container.

7. Handling and Storage-

Handling: Store upright in original cartons in a cool dry place.

Storage: Avoid over stacking of pallets

8. Exposure Controls:-

Respiratory Protection: Not normally required

Hand Protection: The use of cotton or leather gloves and normal protective workwear is recommended.

Skin Protection: The use of proprietary barrier cream on the hands will aid removal of any product that might contaminate the hands. Observe normal standards of hygiene.

9. Physical and Chemical Properties:-

Appearance: Product normally supplied as rolled up sheet material.
Flammability: Not applicable
Odour: Autoflammability:
pH: Not applicable **Explosive Properties:**
Boiling point Oxidising Properties: Not applicable
/boiling point range: Not applicable **Vapour Pressure:** Not applicable
Melting point/ Relative Density:
melting point range: Not applicable **Solubility (water and fat)** Insoluble in water
Flashpoint (°C):

10. Stability and Reactivity:

Stable under normal conditions.
Avoid acids, alkalis and nitrates.

11. Toxicological Information: Short term skin exposure may lead to dermatitis. Long term skin exposure may cause irreversible effects.

12. Ecological Information:

Mobility: Low **Degradability:** Not readily biodegradable
Bioaccumulation: No evidence to suggest bioaccumulation

13. Disposal Considerations:

Products should always be disposed of in accordance with local regulations. It may be disposed of by either controlled incineration or a licensed waste disposal contractor.

14. Transport Information:-

Not classified as hazardous for transport.

15. Regulatory Information: - Not classified.

16. Other Information:

Uses: Damp Proof Membrane

*The data contained in this Safety Data Sheet has been supplied as required by the **Chemical (Hazard Identification and Packaging) Regulations 1993**, as amended, for the purpose of protecting the health and safety of industrial and commercial users who are deemed capable of understanding and acting on the information provided.*

Please ensure that it is passed to the appropriate person(s) in your company, who are capable of acting on the information.

This information is given in good faith, being based on the latest knowledge available to Laybond Products Ltd. No Known relevant information has been omitted from this Material Safety Data Sheet and the information provided is designed to enable the user to use the product safely.

The user should not assume on the basis of the information provided in this sheet that the product is suitable for any abnormal use.

If the information provided is insufficient to ensure safety in any particular application, contact Laybond Products Limited for further advice before the proposed application is undertaken.

Code:L.AQUA100 **Date of Issue:**May 2001 **Supersedes Issue dated :** First Issue
